“Bel Canto Design with Joseph Audio loudspeakers.”

Dave and Carol Clark, Positive Feedback Online, CES Show Report 2009

“Cardas Audio with Joseph loudspeakers and Bel Canto electronics. Source components in Joseph’s main exhibit include a Bel Canto CD-2 Transport feeding a Bel Canto DAC3. Standard and high-resolution music flows from an Apple Powerbook outfitted with the new Bel Canto USB Link 24/96. The DAC3’s balanced outputs feed a pair of Bel Canto REF500 amplifiers. All the cabling in the system is from Cardas Audio, including the new Cardas Clear reference cables.”
